Mr. Dan Shramo & Middle Bass Barbershoppers

I am pleased to inform you that the Middle Bass Town Hall Executive Committee has voted to accept the very generous offer of the Middle Bass Barbershoppers.

It is our understanding and agreement that (through the auspices of your organization) you will manage, provide, and install a complete air conditioning system for the MBI Town Hall. The organization has also committed to contribute significant funding to the project, and will conduct the fund raising efforts to allow islanders the opportunity to also invest in this very worthwhile endeavor.

As you will be managing these efforts and paying contractors, we also agree we will transfer funds remitted to the TH and designated specifically for the AC project to Mr. Aaron Avery, a financial professional who is treasurer of your group. Mr. Avery will keep a full accounting of receipts and disbursements and provide the THB with a final written record.

It is important it be known Middle Bass Town Hall is now a 501c3 and therefore contributions are tax deductible. Checks should therefore be made payable to: MBI TOWN HALL – AC PROJECT and mailed to: MBI TOWN HALL, Middle Bass, OH, 43446, c/o Theodora Pertner, President. (We will send a simple receipt acknowledging each donation as proof for tax credit with the IRS.)

We deeply appreciate what you are doing to give back to the island and are very excited about the future possibilities and increased value the town hall will bring to the island residents.

Sincerely,

Theodora Pertner
President of Middle Bass Island Town Hall Executive Board
